

EXPANDING HORIZONS CHILDRENS CENTER

Dear Parents:

The children spend much of their time outdoors in the spring and summer. As you are aware, the sun's rays are strong and potentially harmful to all. Sunscreen is recommended to prevent sunburn and other harmful effects. With your signed permission, we will re-apply sunscreen (supplied by you, the parent) to your child in the afternoons. Please be sure to apply it in the morning.

Please fill out the bottom of this form and return it if you are sending in sunscreen for your child. In order to avoid possible allergic reactions, the sun block **must** be a brand used previously on your child.
